

# Gotesco Group of Companies

Water and Wastewater Solutions Provider

Resiliency  
Sustainability  
Reliability

## Trusted Solutions. Great Expertise.

Gotesco has an extensive and successful history of delivering quality pumping solutions and services to key industries nationwide.

We continuously innovate to provide tailored-fit value propositions, unmatched technical expertise and unrivaled service support that will guarantee total customer satisfaction.

Complete with after-sales service centers, technical application support groups and warehouse facilities, our branch offices are strategically located in Manila, Cebu and Davao to efficiently serve our customers.

## History of Gotesco

### 1940's

Go Tong Electrical Supply Co., Inc. (Gotesco) started as an electrical supply store and trading firm established by Mr. Go Tong.

### 1975

Gotesco Marketing, Inc. (GMI) was established by Mr. George Go to provide fluid transfer solutions to key market industries.

### 1983

Gotesco Service Center Inc. was established to provide professional after-market service for all supplied products. GMI-Cebu branch was also established this year.

### 1994

GMI-Davao branch was established. Complete with sales offices, warehouses and service centers, Cebu and Davao branches are fully equipped to cover Visayas and Mindanao markets.

### 2015

Gotesco Water Solutions, Inc. (GWSI) was established as a full service provider of water and wastewater management and treatment solutions.

### Today

Gotesco is now a group of water solution experts sharing the same values of pursuing a common goal to serve you best.

## Commitment to Quality Services

Our commitment to quality is not limited to the products we deliver. Quality is infused throughout our internal processes, customer relations and after-sales support, technical services and consultancies. Gotesco Marketing, Inc. and Gotesco Service Center, Inc. quality management system is ISO 9001:2008 certified.

## Why Gotesco Group?

- 1 Market leader since 1975
- 2 Unmatched technical expertise
- 3 Tailored-fit value propositions
- 4 Commitment to high quality standards
- 5 Nationwide Sales & Service Centers
- 6 Long-term partnership with world-renowned manufacturers
- 7 Thousands of projects all over the Philippines
- 8 Corporate philanthropy

# Complete Solutions

## Fluid Transfer Pumps

Our product portfolio includes a broad range of centrifugal and process pumps suitable for most most industrial and building applications.

## Sump, Dewatering & Sewage Pumps

Sump, sewage and dewatering pumps for handling sewage and wastewater, flood control, dewatering mine pits.

## Severe and Heavy Duty Pumps

A wide range of high performance and heavy duty dredging and slurry pumps for tough applications.

## UL/FM Fire Pump Systems

Engine or electric driven packaged and custom built fire pump systems meeting every fire protection need.

## Non-Revenue Water

Portable ultrasonic flow meters, leakage detection units, hydrophone and accelerometer correlating instruments for high-efficient water management.

## Water and Wastewater Treatment

A wide range of treatment systems such as Standard, Modular and Packaged Ultra Filtration, Reverse Osmosis, SBR, FBR, MBR, MBBR, Ion Exchange, UV and Ozone Systems.

## Motor and Control Systems

Motors, drives, starters and control panel systems to maximize overall pump and motor efficiency.

## Power Systems

Diesel Generators to provide critical power back-up for water infrastructures and hydro turbines to harness energy from water flow.

## Packaged Systems

Most reliable and cost-effective pre-assembled packaged pumping stations and containerized wastewater treatment systems which minimizes footprint and maximizes overall efficiency.

## Rental Systems

Engine driven pumps which can be used as back up during power outages, station maintenance, water by-pass, temporary and remote dewatering that requires portability.

# After-Sales Service

Gotesco Service Center, Inc. was launched in 1983 and offers substantial technical expertise. Our qualified engineers and technicians perform a wide scope of shop and onsite works to minimize your equipment downtime and increase your operational efficiency.

- Maintenance and repairs
- Installation and supervision
- Commissioning and training
- Control panel assembly
- Pump and motor assembly
- Testing facility for performance report and witness testing
- Rental of pumps and motors
- Preventive maintenance contracts
- Spare parts support programs
- Motor rewinding
- Extended warranty
- Energy Audit

## Pump Rental

Gotesco's new pump rental fleet are composed of PAS & VAR 6-250 engine-driven surface pumps from Atlas Copco. These self-priming centrifugal pumps are ideal for all dewatering applications where the main feature is difficulty in priming.

## Advantages

- Rental-ready
- Rapid self-priming even without foot valve up to a height of 7.5 m
- Semi-open impeller with solid-handling up to 76 mm (3")
- Easy maintenance with removable front hinge door cover for direct access to the impeller
- Digital hour meter for run time monitoring
- Optional with hoses & pumping accessories
- Optional with operator

## Applications

**General:** construction dewatering, lagoon dewatering

**Emergency:** flood control & flood clean-up

**Maintenance:** sewage by-pass, tank clean-up

Authorized distributor

# World Renowned Equipment

We cooperate and partner with the leading world-recognized manufacturers from Europe, USA and Asia Pacific. We are technically competent and experienced to represent below list of equipment.

## Submersible Sewage Pumps and Mixers

# Industries and Applications

- Water utilities and Municipalities
- Residential and Commercial Buildings
- General Industries
- Flood Control
- Construction
- Mining
- Power Plants
- Oil & Gas
- Agriculture
- Aquaculture

## Key Customers

Gotesco has implemented thousands of projects and has established long-term partnership with most key players in the industry. We are committed to constantly improve our services to bring even more value in the future.

Our reference list includes:

- Aboitiz Power
- Ambuklao Power Plant
- Apex Mining
- Asia Brewery
- Asian Development Bank Philippines
- Ayala Property
- Binga Power Plan
- Bounty Fresh Food
- Carmen Copper
- Clark Water
- Coca-Cola Bottlers
- Datem Water
- Department of Public Works and Highways (DPWH)
- Emperador Distillers
- First Gen
- Foremost Farm
- Local Water Utilities Administration (LWUA)
- Makati Development
- Malacañang Palace
- Manila Water
- Maynilad
- Mega Fishing
- Metro Manila Development Authority (MMDA)
- National Irrigation Administration
- Nestle Philippines
- Petron
- Philippines Associated Smelting and Refining Corporation
- Philsaga Mining
- PrimeWater
- San Miguel
- Subic Water
- Tanduay Distillers
- Universal Robina
- US Embassy Manila
